If they need to contact you they may ask their counselor or the Site Director. If you need to contact your camper just leave a message with the Weiss Center office. A Special Note

Regarding Personal Information about Your Child

Some parents hesitate to provide child care providers with personal information about their child's behavior or past experience. Some fear the information may be misused, while others are concerned about their child being labeled, singled out or treated differently. All parents want to see their child have a fresh start in a new program, unencumbered by past performance.

As seasoned program providers, we appreciate these concerns. We also know how *invaluable* such information can be in assisting us to help your child make as smooth and happy adjustment to our program as possible—something we know all parents want, too! Remember, we only have 8 weeks to get it right! We need your help!

Having prior knowledge about learning difficulty, ADHD or a recent loss or major change in the family or child's life makes a tremendous difference in helping us be sensitive to your child's need for patience, understanding and reassurance—especially in the first few days of our program!

This is especially true for children who have an attention problem or who are nervous about new situations. Many parents fear some programs will not accept their child if they are completely open. The truth is that, *children need us to be partners with you in order for them to have a safe and successful experience.*

Furthermore, children often use their behavior rather than their words to tell us something is bothering them. Having advance knowledge of areas that might be difficult for your child helps us understand the message in his or her actions. The better we understand your child, the more we can assure you of a better experience.

Our commitment is to use such information only to help your child adjust to our program. It will never be used unless necessary and then only with the greatest of discretion and your prior knowledge.

Remember, when faced with challenges, we can help your child have great success if you help us. We encourage you to make us a full partner in planning for your child's success.

BEHAVIORAL STANDARDS CONTRACT

The following standards have been adopted by the River Trails Park District to be used uniformly as a guideline for disciplining any child enrolled in our Day Camp programs:

GENERAL INAPPROPRIATE/UNACCEPTABLE BEHAVIORS:

1. Abusive language
2. Disrespectful behavior towards staff and/or fellow participants.
3. Continuous disruptive behavior
4. Any aggressive behavior (slapping, punching, kicking, biting, etc.), whether it is initiated or in retaliation.

FIRST WARNING:

The first time any inappropriate/unacceptable behavior occurs, the parent will be notified by phone (or written letter if parent is not reachable). Documentation of this behavior will be kept on file at the park district. If that behavior occurs again within the same day, the parents will be called to come and remove the child from the program for the remainder of the day. **

SECOND WARNING:

If a child continues to display inappropriate/unacceptable behavior after a first warning has been given, the child will receive a written letter of second warning. This letter will state the child's inappropriate/unacceptable behavior and notify the parent(s) that one more incident of such behavior could lead to the child's last warning and possible removal from the program. This letter must be signed by a parent and returned. One copy will remain at the park district and one copy will be given to the parent. **

REMOVAL FROM THE PROGRAM

After the first and second warnings have been issued and an inappropriate behavior is displayed, a parent will be contacted by phone and a written notice that the child will be removed from the program for a certain period of time or permanently. (depending on the severity of the behavior). **

****In an extreme case of unacceptable behavior that is threatening to other participants or staff, the first two warnings can be omitted and the child will be removed from the program immediately with the final warning. ****
