

# RIVER TRAILS PARK DISTRICT TRAIL BLAZERS PRESCHOOL FALL 2010

Our program is designed to help children grow and learn in a stimulating and nurturing environment. Children will be introduced to basic academic and social skills of preschool and will be encouraged to develop problem solving skills, self confidence and creativity. Curriculum activities are planned with Illinois Learning Standards in mind in these areas: math, science, language skills, art, motor movement, music, and dramatic play. All areas of each child's growth is important and we provide opportunities for intellectual, social, physical and creative growth. Our goal is for each child to develop a love of learning, tools to continue to learn and a positive image of himself or herself. Classes are held in our large preschool room at the Weiss Center. Children must be toilet trained and able to use washroom independently.

*A copy of a birth or hospital certificate is required at registration*
